No 226.—The following notification of the Government of India is republished :—

RAILWAY DEPARTMENT,

(RAILWAY BOARD.)

Simla, the 6th May 1931,

No. 383-W.—It is hereby notified for general information that the Governor-General in Council has sanctioned a reconnaissance survey being carried out by the agency of the South Indian Railway Administration for a line of railway on the metre gauge from Tanjore to Pattukkottai, a distance of about 28 miles.

The survey will be known as the Tanjore-Pattukkottai Railway survey.

No, 227.—The following resolution of the Government of India is republished .—

RAILWAY DEPARTMENT.

(RAILWAY BOARD.)

Simla, the 6th May 1931.

Subsidiary Instructions to Section 71-A to 71-H of the Indian Railways (Amendment) Act, 1930, and the Hours of Employment Rules, 1931, published in the Gazette of India of the 31st January 1931.

No. 40 L.—The following subsidiary instructions to Sections 71-A to 71-H of the Indian Railways (Amendment) Act, 1930, and the Hours of Employment Rules, 1931, published in the *Gazette of India* on the 31st January 1931 are made by the Railway Board :—

1. For the purpose of Section 71-A, the work of a railway servant shall not be regarded as essentially intermittent unless his daily period of duty includes (*a*) two or more periods of inaction of not less than half an hour each, aggregating not less than two hours in all; or (*b*) periods of inaction aggregating not less than 4½ hours. The term "Sustained attention" used in the same section involves mental effort. Thus a pointsman waiting for the arrival of a train, after setting points, is required to give sustained attention; so also is a station master after, but not before, giving Line Clear.

2. With reference to Rule 3 (2) (a) it may be noted that Running Staff have only been excluded from the scope of the Regulations pending further investigations.

3. With reference to Rule 3 (2) (b) although chowkidars or watchmen, watermen, sweepers and gatekeepers, whose work is declared to be essentially intermittent and of a specially light character, are excluded from the scope of the Regulations, it is desirable that their present hours of duty should be scrutinised with a view to making such changes as may be necessary on humanitarian grounds.

4. For the purpose of Rule 3 (2) (c) the classes of staff detailed in the Annexure to these Instructions are to be regarded as persons holding positions of supervision or management or employed in a confidential capacity.

5. The maximum hours of employment, stipulated in Section 71-C, do not include the time taken by an employee in going to and from his place of residence.

6. Exceptional pressure of work caused by sickness is to be considered as coming under the provisions of clause (*b*) of Section 71-C (3).

7. The minimum overtime rate of 1¼ times the ordinary rate prescribed in Section 71-C is only admissible when the maximum limits, i.e., a monthly average of 60 hours a week in the case of continuous workers and 84 hours a week in the case of essentially intermittent workers, are exceeded. These Regulations, however, are not intended to affect any overtime, more favourable to the employee, admissible under existing rules or orders.

8. In preparing duty rosters, care should be taken to avoid, as far as possible, rosters which require employees to perform continual night-duty especially if any portion of the period of such duty falls between 11 p.m. and 5 a.m.

9. Authorized periods of rest will not affect the title of any employee to wages under existing pay regulations for periods when he is not actually on duty.

10. It is not desirable that rosters should be continually revised in respect of individual employees. If, therefore, a rostered weekly period of rest occurs while an employee is absent for any reason, he may be considered to have availed himself of that period. On the other hand, if the absence occurs at other times, the employee should not necessarily be deprived of his rostered period of rest on that account.

11. Where the exigencies of the service permit, there is no objection to the periods of rest, stipulated in Section 71-D and Rule 6, being combined with any other leave to which the employee may be entitled.

12. Although essentially intermittent workers are excluded from the weekly rest proviso under Section 71-D, it is intended that the case of these employees should receive adequate consideration and every effort should be made to limit, under normal conditions, their daily hours of duty to 12. Further, their applications for leave, under the Leave Rules, should receive special consideration.

13. Although neither the Act nor the Rules stipulate a minimum period of daily rest, it is intended that the railway servants to whom they apply should, as far as possible, be given in every period of 24 hours a minimum rest period of not less than 8 consecutive hours.

NOTIFICATIONS.

In exercise of the powers delegated to it under section 5 of the Madras Survey and Boundaries Act VIII of 1923, the Board of Revenue hereby directs the survey under the provisions of the said Act of the undermentioned road in the Avanashi taluk, Coimbatore district:—

Road from Annur to Sirumugai passing through Annur, Kuppanur, Pogalur, Bellepalayam and Sirumugai villages.

K. RAMAN NAYAR,
Assistant Secretary.

Board (Land Revenue and Settlement),
Madras, 25th May 1931.

In exercise of the powers conferred by section 32 of the Madras Proprietary Estates Village Service Act (II of 1894) and section 15 of the Madras General Clauses Act (I of 1891), the Board of Revenue, with the approval of Government makes the following rules which will be in force in the Kalahasti, Karvetnagar and Venkatagiri estates in lieu of those now in force:—

Division, grouping and amalgamation of villages and appointment of officers.

1. When the beriz of a village is less than Rs. 2,000 the District Collector shall determine what office (Headman's or Karnam's) should be allowed to it under section 7 of Act II of 1894 (Madras) and, in doing so, consider the relative capacity of the actual incumbents to discharge the duties of headman, karnam and munsif. The incumbent of the office allowed shall perform

the duties attached to these three offices. The other office or offices shall be abolished. An exception to this rule may be made when the population is 1,500 and above or where the area or other circumstances of a village justify the entertainment of both headman and karnam. If there were more offices than one of any one class in the village, or corresponding villages, before revision, as in cases governed by section 15 (1) or 15 (2), the District Collector should first pass an order under section 7, also taking into consideration the claims of the members of the families of the existing village officers in cases falling under section 15 (1) and the proprietor should then select a person from among the incumbents of the existing offices of the same class as that constituted (15) (1) or retained 15 (2) or from among them and their families according as the case may fall under section 15 (2) or section 15 (3).

2. In submitting for the orders of the Board proposals for the revision of village offices under sections 6 and 7 of the Act, Collectors will as far as practicable be guided by the following rules :—

(i) Clubbing of adjoining villages shall ordinarily be resorted to for purposes of revision of village establishment when the distance between the village sites does not exceed a mile and a half, and the joint revenue of the united villages does not exceed Rs. 2,000. Provided that, if there are outlying hamlets of importance which would be more than one and a half miles from the new head village, the clubbing shall not ordinarily be carried out.

(ii) Uninhabited villages and those in which the lands are so intermingled that the boundaries cannot well be separated, may be grouped, though the distance limit is exceeded. If clubbing is desirable, the fact that the joint revenue of the clubbed villages will exceed Rs. 2,000 is not to prevent amalgamation.

(iii) Save as provided in rule 1, each new village shall have at least a karnam, a headman and a talaiyari ; but if the importance of any of the minor villages in the group demands it, a separate talaiyari to reside and keep watch in such minor village may be appointed.

(iv) The scale of establishment to be recommended (subject to the provisions of rule 1, above and to clause (v) below) should be as follows, in so far as it may be practicable to adopt it.

Grades of beris including water-rate or quit-rent payable to Government.

Rs. 1,500 and below.—One karnam or headman on Rs. 4.

Over Rs. 1,500 and under Rs. 2,000.—One karnam or headman on Rs. 5.

Note.—The higher rate of pay is admissible where the population exceeds 1,000 although the beris may not exceed Rs. 1,500.

	Karnam's pay.	Headman's pay.
	Rs.	Rs.
Not less than Rs. 2,000 but less than Rs. 4,000	6	6

Not less than Rs. 8,000 but less than Rs. 12,000	9	7
Rs. 12,000 and above.	12	9

Note.—(1) Where the full complement is allowed to villages having a beri of less than Rs. 2,000 the scale of pay is Rs. 6 for karnam and Rs. 4 for headman.

(2) An assistant karnam and manegar may, if necessary, be allowed if the beri exceeds Rs. 2,000 and if it is indivisible to subdivide the village. The pay of the assistant karnam and manegar will be Rs. 5 and Rs. 4 respectively if the beri is less than Rs. 12,000 and Rs. 6, and Rs. 6 if it is Rs. 12,000 or more.

	Talayaris.	
	Number	Rate of pay. Rs.

(v) (1) For villages irrigated by Government sources with an irrigation revenue of Rs. 1,000 or upwards, village establishment should be provided on the following scale :—

For groups having a population between 3,000 and 4,500 ..	3
For groups having a population of more than 4,500	4

In determining the scale of pay to be adopted for karnams and headman, the 'revenue' to be considered is the aggregate of the rent payable to the proprietor and the assessment and water-rate payable to Government, while the number of vettis to be provided should be fixed with reference to the irrigation revenue alone ;

(2) if the irrigation revenue is less than Rs. 1,000 the scale prescribed in clause (iv) above should be followed with the addition of a vetti on Rs. 3 where the irrigation revenue amounts to Rs. 200 or more.
